PROFESSIONAL SUMMARY

Java Full Stack Developer with experience in building scalable web applications using **Spring Boot, React.js, MySQL/MongoDB**. Proficient in **REST API development** and **JWT authentication**, and database design. Developed **AI-driven real-time systems** including face recognition attendance and speech-to-speech avatar-based communication System.

TECHNICAL SKILLS

Programming: Java, JavaScript, Python, SQL

Database: MySQL, MongoDB

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Security: JWT, Spring Security

Backend: Spring Boot, Node.js, Express.js, REST APIs

Tools: Git, GitHub, Postman, VS Code

PROJECTS

AI Avatar-Based Speech-to-Speech Conversation System

Developed a real-time AI-driven speech-to-speech communication system using WebRTC for low-latency audio streaming. Integrated Speech-to-Text (STT) and Text-to-Speech (TTS) pipelines to enable natural voice interaction and designed an avatar-based conversational interface for enhanced user experience.

GitHub: AI Avatar Project

AI-Based Student Management System (Face Recognition)

Developed AI-driven real-time systems, including face recognition for attendance tracking, with CRUD operations and automated attendance using OpenCV-based face recognition, integrated with Spring Boot and MySQL for efficient data management.

GitHub: AI Attendance System

Full Stack E-Commerce Website

Developed a full-stack e-commerce platform with user authentication, product management, and order processing, using React.js, Node.js, Express.js, and MongoDB for secure and responsive web application development.

GitHub: E-Commerce Project

INTERNSHIP EXPERIENCE

Java Full Stack Developer Intern (6 Months)

Cloud Institution (Training Institute), Bangalore, India

Developed web applications using **Spring Boot, React.js, and MySQL**, Built **REST APIs** and **implemented CRUD operations**, Integrated frontend with backend for full-stack functionality.

EDUCATION

B.E Computer Science Engineering

Sri Sai Ranganathan Engineering College

CGPA: 8.0 | 2026

CERTIFICATIONS

Oracle Certified Foundations Associate

Advanced Diploma in Java Programming

LANGUAGES

English, Tamil
